

**FOOD SAFETY
PERMISSION NOTE**

Dear Parents/Carers

During the school year there are school and class events that involve students celebrating, cooking or tasting special foods. Also children can bring in birthday cakes to celebrate with their class. On such occasions students are invited to eat food other than what they bring from home or purchase from the canteen.

We are asking for your cooperation to assist us in minimising the potential risk of any child eating food that they may have an allergy to, or that their parent/carer does not wish them to eat.

We are aware that some children have various allergies to certain foods and should not eat or share food with others. Students who have a known allergy often supply their own *special* food for special occasions. Fraser Primary Front Office already holds specific medical information on all students and individual management plan for children with food allergies.

We wish to ensure the safety of each child and ask you to fill out the attached form to indicate if you **DO** or if you **DO NOT** wish your child to eat and share food during supervised class learning activities or times of celebration.

If you need any further information please do not hesitate to contact me.

Sue Norton
Principal
