

Dear Fraser families

Fraser Primary School values the partnership we have with families. Voluntary contributions provide an avenue for partnering and providing resources that support and extend your child's school experience.

This year's contributions will be used to purchase items such as:

- Plants, landscape supplies and outdoor furniture to improve outdoor learning spaces
- Science, Technology, Engineering and Mathematics (STEM) resources
- Furniture and other items to support alternative learning programs and activities
- Resources to support imaginative play.

The School Board thanks the Fraser Primary School community for their continued support to our school through voluntary contributions. Previous contributions have been used to support the provision of library books, flexible furniture, and sensory items to support learning and improvements to outdoor learning spaces.

Contributions can be made to the Fraser Primary School General Fund, the Library Fund, divided between the two funds, or to both.

It's important to note that contributions to the Library Fund are tax deductible, and all these funds must be spent on resources for the library.

Voluntary contributions can be made in the following amounts:

- \$140 for one child,
- \$200 for two children; and
- \$240 for three or more children.

We understand there may be economic pressure on families. An instalment scheme continues to be available to assist families to pay smaller amounts throughout the year, such as \$50.00 in terms 1 and 2, and \$40.00 in term 3.

Thank you for your support
